

Low "monitoring" floorstand on wheels for panels up to 60 Kg. Perfect rental solution.

This low version floor stand on wheels is specially designed for floor monitoring purposes. The standard height of the floor stand is 400 mm.

The flat screen can be landscape mounted and inclined from 30 up to approx. 60 degrees for an optimum visibility with a low presentation height.

The special designed Quick-Release locking system allows a quick assembly of the floor stand without using any tools. The vertical column is connected on a rigid floor plate.

- ▲ **No tools required for installation**
- ▲ **Suitable for all brands of flat screens**
- ▲ **Including high quality swivel / brake castors**
- ▲ **Flexible, exclusive and cost effective presentation solution**
